

What is Mysticism?

Comparing the Insights of the Mystics
With the Teaching of *A Course in Miracles*

Workshops with **Jon Mundy**

and standup philosophy from Dr. Baba Jon Mundane

Miracle
Network

One out of three people say they have had a mystical experience. What is so compelling about it that mystics often spend their lives clarifying it? Talking about mysticism is like falling in love again and again. What is this wonderful experience? Why do we respond so deeply? This workshop addresses, clarifies and deepens this question in the context of *A Course in Miracles*.

"Jon reaches both the heart and intellect with a clarity and insightfulness that makes it accessible to everyone. He shows us why mysticism matters."

Dr. Jon Mundy was one of the first people to discover ACIM, introduced to it in 1975 by its scribe, Helen Schucman, who served as Jon's mentor until her death in 1981. He taught university courses on Mysticism from 1967 - 2009. He is a standup comedian, the co-founder and Senior Minister of Interfaith Fellowship, publisher of Miracles magazine and author of eight books.
